

HELP MAKE A DIFFERENCE!

**Have you been affected by
prostate cancer?**

Would you join a patient panel?

We are planning to set up a patient panel of 8 to 10 men with experience of prostate cancer, who are willing to share their experiences & help make our research study better & more relevant to men with prostate cancer. Meetings may be held regionally.

If you are interested in getting involved or have any questions, we would be delighted to hear from you. Please contact
